Name: _____ **Roll#:** _____

Please provide answers to following questions.

1. Which of the two techniques did you find easy for the modification of constraints and why?
   - ☐ OCL
   - ☐ AspectOCL

   _____
   _____
   _____
   _____
   _____
   _____

2. What were the challenges you faced while modifying constraints using two languages?

   _____
   _____
   _____
   _____
   _____
   _____

3. Which of the following do you think is better approach for modifying constraints?
   - ☐ Making easy but a lot of multiple changes using OCL
   - ☐ Making few but little complex changes using AspectOCL

   _____
   _____
   _____
   _____
   _____
   _____
   _____
